

When you give to Mane Support you support...

...a student in our Supporting our Schools (SOS) program

whose mother died suddenly or whose parents made choices with drugs...choices that left her without a home and wondering why.

...our military and first responder families in our Horses Helping Heroes program

who are struggling to understand their loss...separation, death, or devastating injury.

...a widow in our Changing Reins program

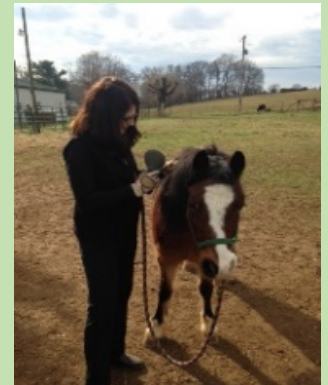

when she finds understanding and lasting friendships in her new life.

...a family working together during an uphill fight against cancer

who are trying to find words to say goodbye to each other.

...the equine counselors

who tirelessly work beside those in our community who are grieving or experiencing trauma
