

*Yankee Gold*, Yank for short, is the veteran at Mane Support and is known for answering “yes” to special questions. He has been here since the beginning in 2005 and was the horse that allowed all of this to begin. He is a Quarter Horse and has taken the role of Alpha in the barn over his herd and family. During his time here, Yank has experienced the death of six horses, with each having a different impact. His best friend and pasture mate Charlie Brown, was one of the most difficult to overcome and while he stays in the pasture where Charlie is buried and rests in Charlie’s old stall, his life at Mane Support is changed. He participates in sessions with clients, using his “life in the moment attitude” to let us see that life goes on and it is good.
