

*Hopeful Cherokee Gold*, Kee for short, is a Gypsy Vanner and just turned two in September of 2017. Still growing physically, she is starting to exhibit what a good mind and gentle spirit she has that is beyond her chronological age. Her first road trip was to Gatlinburg as she worked three months with the First Responders who had risked their lives to save others. As she walked with them, and as she walks with clients at Mane Support, she guards her steps to gently place her big hoofs safely down...much like treading lightly with those who have experienced a trauma or loss.
